1

Diagram illustrating the assembly of the first part (298188) and the second part (249) onto the main structure. The diagram shows two rectangular panels, each labeled with a circled '2'. The first panel is being assembled with four corner brackets (298188) and four side brackets (249). The second panel is being assembled with four corner brackets (298188) and four side brackets (249). The diagram includes callouts for each part and a note to turn the panel around.

PIECE (PART) !

2

This diagram illustrates the second step of assembling a rectangular frame. The main assembly shows a rectangular frame with four L-shaped corner brackets (100) being attached to the corners. A central horizontal bar (175 x 2) is shown being inserted into the frame. A circular inset at the top left shows a close-up of the bar being secured with a screw (150217). A red 'X' indicates an incorrect placement of the bar. Another circular inset at the top right shows a hand inserting a screw (100) into the corner bracket. A third circular inset at the bottom right shows a hand inserting a screw (298176) into the frame. A red 'X' indicates an incorrect placement of the screw. A central circular inset shows a hand turning a piece around, with the text "TURN AROUND THE PIECE (PART) !" below it. The number 5 is circled in green, indicating the step number.
