

## DEU Sicherheitshinweise

Bitte die folgenden Sicherheits- und Montagehinweise beachten und diese Anleitung aufmerksam durchlesen, auch wenn die Leuchte schon montiert ist.

**Allgemeine Anweisungen:**

- Elektrische Anschlüsse dürfen nur von fachkundigen Personal ausgeführt werden.
- Der Hersteller übernimmt keine Verantwortung für Änderungen oder Schäden, die Folge eines unrichtigen Gebrauchs sind (z.B. Überhitzung).
- Achtung! Vor Beginn der Montagearbeiten die Netzleitung spannungsfrei machen –Sicherung heraus bzw. Schalter auf „AUS“ stellen.
- Leuchten dürfen nur für den vorgesehenen Zweck verwendet werden. Inerrenschäden dürfen nicht im Außenbereich verwendet werden.
- Verwenden Sie nicht, dass alle Teile vollständig vorhanden sind, bevor Sie mit der Montage beginnen.
- Leuchten nur mit einem weichen, trockenen Tuch reinigen.

### Hinweise zum Umweltschutz

Diese Leuchte darf eine Ende Ihrer Lebensdauer nicht über den normalen Lebenszyklus hinaus weiterverwendet werden, sondern muss an einem Sammelort für das Recycling von elektrischen und elektronischen Geräten abgegeben werden. Das Symbol am Produkt, der Gebrauchsanleitung oder der Verpackung weist darauf hin. Die Werkstoffe sind gemäß ihrer Kennzeichnung wiederverwertbar. Mit der Wiederverwendung, der richtigen Verwertung der anderen Formen der Verpackung von Algorithmen leisten Sie einen wichtigen Beitrag zur Schutze unserer Umwelt.

Bitte sorgen Sie bei der Gemeinverwendung die zuständige Umweltschutzstelle.

### Hinweise zur Batterieversorgung

Gehobene Batterien dürfen nicht im Hausfall entfernt werden, weil sie giftige Bestandteile und Schwermetalle enthalten können, die umweltschädlich und gesundheitschädlich sein können. Geben Sie keine Batterien an eine geeignete Recycling-Einrichtung.

Batterien müssen vor der Entsorgung entnommen und fachgerecht entsorgt werden.

### GBR Safety instructions

Please note the information contained in these instructions and save this manual. It contains notes on fire prevention.

**General instructions:**

- Electrical connections may only be carried out by qualified staff.
- Be responsible for the correct responsibility for injuries or defects caused by improper use of this lamp.

Attention! Before starting the installation, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.

Mind to use this lamp for its predetermined function. For example don't mount indoor lamps in outdoor areas.

Please check all components are complete before installing.

Don't cover the lamp, or don't switch it on when it's in packing. Bulbs and transformers get very hot during operation. An improper use is the risk of fire and by changing the bulb you can hurt yourself. Always let cool down.

If the external flexible cable or cord is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

Please ensure that the specified bulb type and power of bulb is used. The maximal wattage should be exceeded (find the bulb symbol and the „max.“ W on rating label or on lamp).

Do not mount the lamp on wet or conducting background.

Make sure that the cables or cord are properly installed.

Markings on terminal block L-phase, N-neutral wire, G - grounding wire. The given main voltage shall not be exceeded.

Plug and connection elements must be free of ice and tick strengths. Don't touch bulbs with bare hands.

silicone piping is enclosed with the luminaire, the piping must be put over the piping and not be attached to it.

silicone piping is enclosed with the luminaire, the piping must be put over the piping and not be attached to it.

Indoor use only.

(surface mount) (recessed): Not suitable for direct mounting on the normally flammable surface.

### IP-Degree of protection

Distance mounting by rapport à la surface exposée au feu/étouffée, en mètres. La distance exacte est indiquée sur l'étiquette.

Remplacement impérativement tout câble de protection fissuré!

Luminaires conçus uniquement pour les ampoules à halogène auto-bloquées / self-shielded.

Destiné uniquement à l'utilisation en intérieur.

monté sur une surface) (encastré) : non conçu pour la montage direct sur une surface normalement inflammable.

Plug and connection elements must be free of ice and tick strengths. Don't touch bulbs without the glass and if it's broken it must be replaced!

Luminaire designed for use with self-shield halogen lamps only.

Indoor use only.

(surface mount) (recessed): Not suitable for direct mounting on the normally flammable surface.
