1

Diagram showing the assembly of part B into part A. A small inset shows the connection of parts F, C, and E. A screwdriver icon with '100%' indicates the required torque.

2

Diagram showing the second part B being inserted into part A. A small inset shows the connection of parts F, C, and E. A screwdriver icon with '100%' indicates the required torque.

3

Diagram showing the underside of part A being attached to the legs. A circular inset shows a detailed view of a screw with dimensions: 16mm (thread length), 5mm (washer thickness), 12mm (leg thickness), and 5mm (leg diameter). The text 'x6' indicates the quantity. A screwdriver icon with '100%' indicates the required torque.

4

Diagram showing the final assembled table. A weight of 60kg is shown on the table surface.
